

Author(S) Agreement Form

Article Title:

Instruction: Authors are advised to carefully read and sign the author(s) agreement form regarding the submission of their manuscript for publication in Research Mosaic (RM). The journal will consider the manuscript for publication upon receiving signed copies from the corresponding author. As this is mandatory, it is essential for the authors to carefully read the following statement and authorize the corresponding author on their behalf to mark (\sqrt{yes}), indicating their agreement to the journal's policies.

1 The manuscript is original and does not contain any plagiarized materials. 2 The manuscript has not previously been published in national/international journals. 3 The manuscript has not been submitted anywhere else for publication. 4 All the authors are agreed to your status as the corresponding author. 5 All co-author(s) have permitted corresponding author to sign this form on their behalf. 6 Permission for publication is obtained for all copyrighted materials. 7 Previously published materials have proper citations/references. 8 A cover letter properly addresses the acknowledgments for research. 9 The research contains the names of all those who have a substantial contribution. 10 On behalf of all authors, corresponding author accepts responsibility of manuscripts. 11 All authors have reviewed the manuscript and agreed on responsibility of the content. 12 The order of authorship and names of all authors are mutually agreed upon. 13 The author's affiliation and address are provided for future correspondence. 14 Affiliation for each author is given in the cover letter as provided in the author's note. 15 The manuscript adequately maintains the confidentiality of research wherever required. 16 As per the APA's manual, all ethical considerations		
3 The manuscript has not been submitted anywhere else for publication. 4 All the authors are agreed to your status as the corresponding author. 5 All co-author(s) have permitted corresponding author to sign this form on their behalf. 6 Permission for publication is obtained for all copyrighted materials. 7 Previously published materials have proper citations/references. 8 A cover letter properly addresses the acknowledgments for research. 9 The research contains the names of all those who have a substantial contribution. 10 On behalf of all authors, corresponding author accepts responsibility of manuscripts. 11 All authors have reviewed the manuscript and agreed on responsibility of the content. 12 The order of authorship and names of all authors are mutually agreed upon. 13 The author's affiliation and address are provided for future correspondence. 14 Affiliation for each author is given in the cover letter as provided in the author's note. 15 The manuscript adequately maintains the confidentiality of research wherever required. 16 As per the APA's manual, all ethical considerations have been addressed. 17 Issues related to conflicts of interest (if any) have properly been addressed. 18 I understand that this agreement is only for one time pub	1	The manuscript is original and does not contain any plagiarized materials.
